LOT 4 - Titles

Description

Please read item descriptions regarding title status of each item if applicable.

Title: This means we have a clear transferable title in our possession and can provide it to the buyer immediately providing payment is verified.

Title Delay: This means we do **not** have the title in our possession but guarantee the buyer they will eventually get a clear transferable title. Please be patient and expect to wait a minimum of 30 - 60 days or longer to receive your title. If you cannot wait this long please don't bid on the items.

No Title: This means that we do not have title, we will never have a title and we cannot help you get a title, EVER.

We charge \$40 per title to cover the additional cost of transferring and mailing titles. We only ship titles via UPS or Fedex. We will not ship titles USPS as they have a habit of losing them.

Per Arkansas State Law and the Arkansas State Police who issues our Used Auto Dealer License we **MUST** fill in titles to the name on the invoice. Your title and your invoice must match. We cannot nor will we leave titles "open" under any circumstances. Please don't ask.
